**MUST IT BE
THE REST
AGAINST
THE WEST?**

BY MATTHEW CONNELLY AND PAUL KENNEDY

Whether it's racist fantasy
or realistic concern, it's a
question that won't go away:

They figure that they have nothing to lose, so they become terrorists...”

ALAN WEISMAN

“Worldwide, every four days human population rises by 1 million. Since we can’t really grasp such numbers they’ll wax out of control until they crash...The intelligent solution...would henceforth limit every human female on earth capable of bearing children to one.”
