Hundred Years of Growth

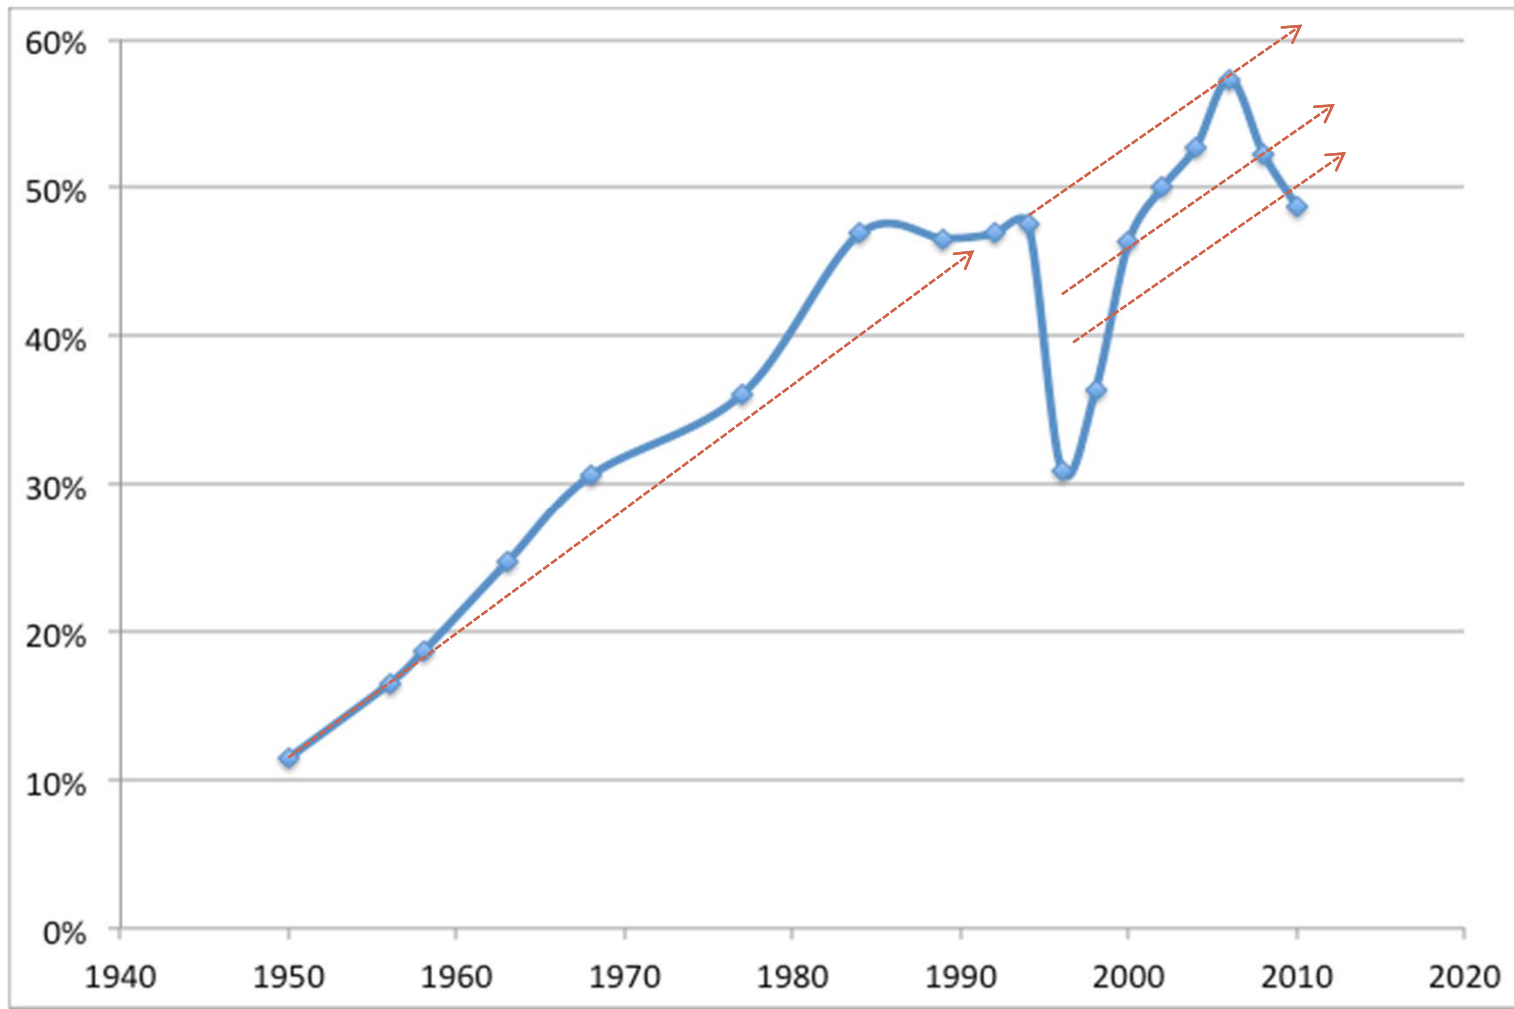

Source: Own Calculations with data from INEGI

Three Stages

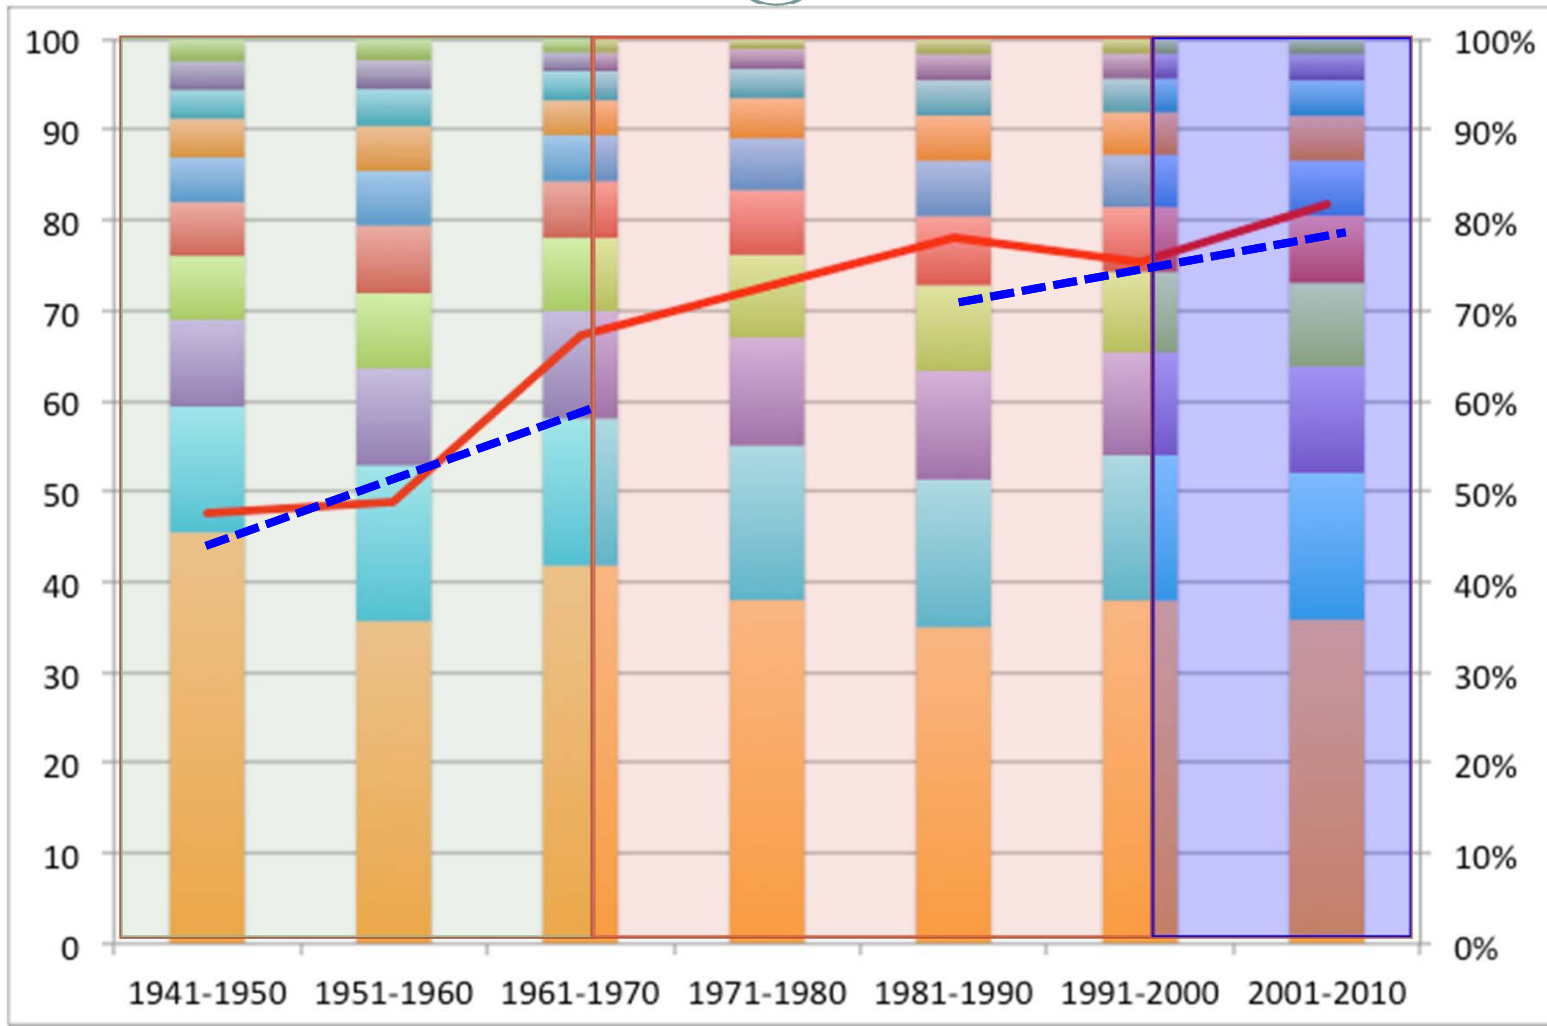

With data from Székely, Coneval, y Censos de Población 1950-2010

(No Cheating)

Data from Coplamar & INEGI

Income

Data from Coplamar (1950-1980), INEGI (1984-2010)

So...

- Mexico has close to fifty million of Clasemedieros.
- But all our “superstructure” is still against liberty:
 - Law, education, customs, beliefs...
- We also have “Informal Clasemedieros”.
- Those are the “Great National Problems”, not the countryside, poverty or analfabetism.
- ¿Is Clasemediero a harbinger of XXI Century Middle Class Revolution?
