Emotions over reason

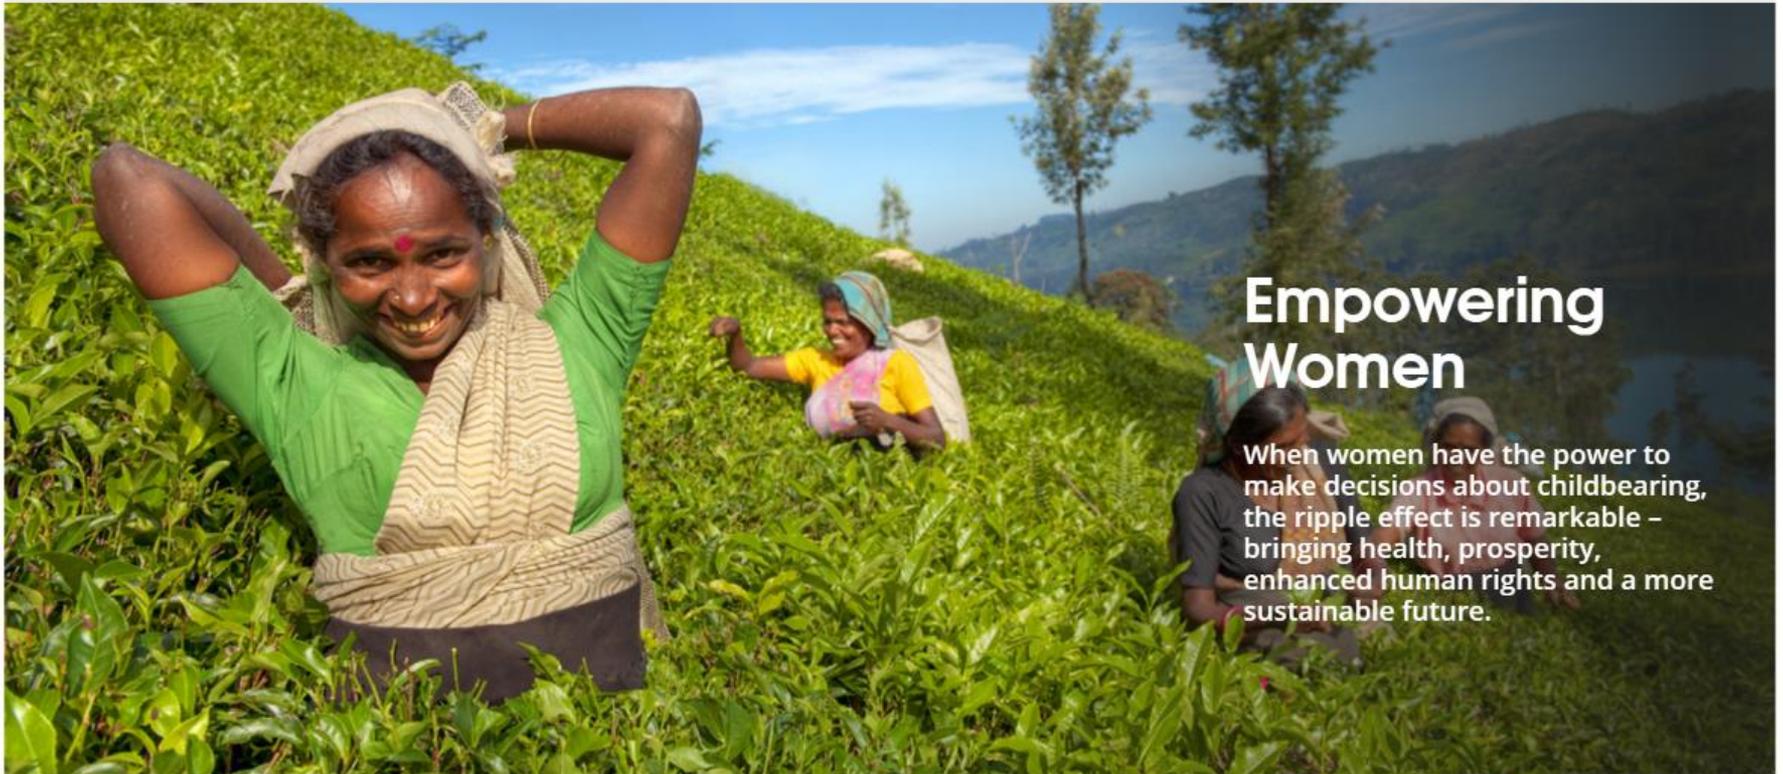

Make people *feel*,
not think.

Data alone can miss the point.

Empowering Women

When women have the power to make decisions about childbearing, the ripple effect is remarkable – bringing health, prosperity, enhanced human rights and a more sustainable future.

A young girl with dark hair, wearing an orange halter-neck top and a blue necklace, is smiling warmly at the camera. She is positioned in the foreground, working with a large, light-colored mortar and pestle. The mortar is filled with a greyish substance, likely mortar mix. In the background, there is a rustic outdoor setting with a stone wall, various plants, and a wooden structure. The overall scene suggests a rural or agricultural environment.
