World Vision

May 2, 2018

Founded in 1960, World Vision is a Christian humanitarian organization dedicated to working with children, families, and their communities worldwide to reach their full potential by tackling the causes of poverty and injustice in nearly 100 countries. World Vision serves all people, regardless of religion, race, ethnicity, or gender.

World Vision Response to HIV Epidemic

Channels of Hope & CHAT Teams

Working with Children, Families, and Communities worldwide to reach their full potential by tackling the causes of poverty and injustice.

Best Practices Engaging Men and Boys in HIV prevention

1. **FAITH LEADERS** | Community dialogue on HIV prevention
2. **CHANNELS OF HOPE** | Engagement of FBOs
 - Trained Congregational Hope Action Teams conduct community HIV prevention education & address gender-based violence, stigma, and discrimination around HIV
3. **HEALTH KIOSK** | HIV and health information booths at worship centers
4. **DREAMS ACTIVITIES** | Focused on men and boys
 - Mobile HIV Testing Services with AGYW as entry point to engage men and boys. Index Case Testing.
5. **HIV TESTING** | At Voluntary Medical Male Circumcision (VMMC) services
 - Male Champions, wives encourage HIV testing

Faith-based platforms in engaging in Health and HIV prevention services
