Rights-based Approach

Ensuring respect for human rights in all of CI's work

Why RIGHTS?

September 2014

AL JUSTICE

Upholding human rights
in conservation: who is
responsible?

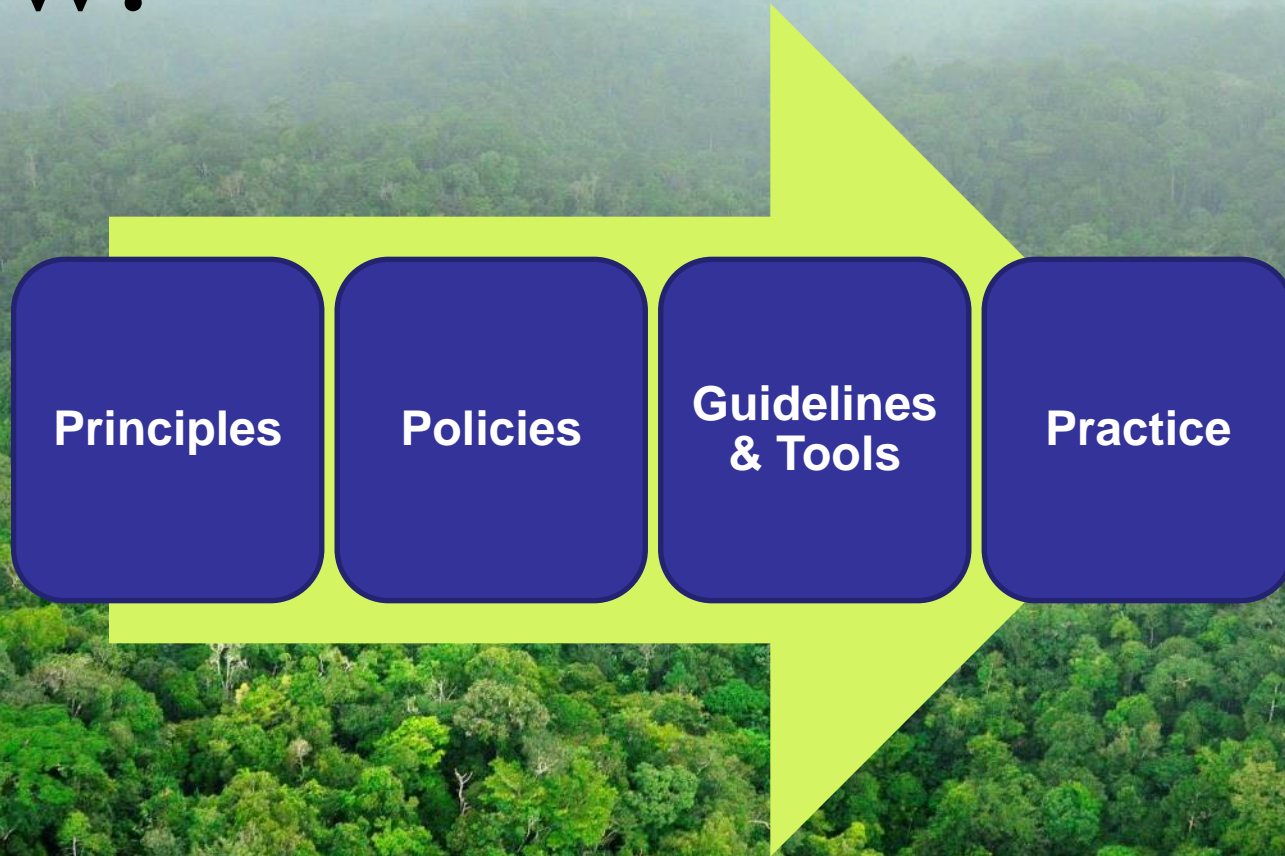

Climate Change Will Affect Women More
Severely Than Men

—By *Julia Whitty* | Thu Mar. 8, 2007 2:29 PM EST

Forest groups want climate schemes
that violate rights to be suspended

Indigenous people warn during Lima climate talks that they are being ignored over exploitation of lands and are critical of pledges to stop deforestation
